

2019 North Block Pinot Noir

This vintage of **North Block** captures the cool fog and firm, Gold Ridge soil tannins that define the best of the Iron Horse Pinot Noirs. Beautifully integrated, refined, and elegant. The grapes come from the three-acre block that spills out at your feet at the Tasting Room and slopes down to the creek.

Technical Data

Appellation: Green Valley of Russian River Valley, Sonoma County

Blend: 100% Pinot Noir **Alcohol:** 14.5% v/v **Acidity:** 5.7 g/Liter

Residual Sugar: <2.0 g/Liter

pH: 3.57

Malolactic Fermentation: 100%

Barrels: 100% French, center of France, fire bent, medium + toast and toasted heads.

Barrel Aged: 11 Months

Harvest Date: September 14, 2019
Date Bottled: December 01, 2020
Release Date: December 2022
Total Production: 316 Cases
Suggested Retail Price: \$87.00

Precision Winegrowing: At Iron Horse "Estate Bottled" means that the winemaking begins in the vineyard. Our location in Green Valley represents the very best soil (Goldridge), climate and aspects for Chardonnay and Pinot Noir. Our goal is to grow the best winegrapes what we call "precision farming." To achieve uniformity of maturity we map our blocks according to soil type and aspect, then select the appropriate varietal clone and rootstock. All pruning, canopy management, irrigation and cover crop decisions are determined on a block-by-block (and sometimes even vine-by-vine) basis, considering both the vintage at hand and the long-term needs of the land.

Artisanal Winemaking: Hand picked from a single block and a single clone, are de-stemmed into small open-top half ton macro bin fermenters or into stainless steel tanks where they are cold-soaked (using dry ice) for four to seven days. Before fermentation is complete, the new wine is gently pressed from the skins and transferred to French oak barrels. Fermentation then goes to completion in the barrels, allowing us to stir the lees as the wine goes through malolactic fermentation.

For Sparkling and Still Wine, Precision Harvesting is Key: Our only rule is to make the best wines we can. We wait until harvest to decide sparkling or still, as the main difference is the brix level (or the amount of sugar in the grapes, less for sparklings, more for still). Then winemaker David Munksgard considers berry size (bigger is better for sparklings, smaller for still), the health of the canopy, clone selection, even small details such as the relative dampness of the cover crop can make a difference. When making Pinot Noir the key is to achieve uniformity of ripeness and maturity within the vines and clusters. If necessary, parts of a single block may be picked on different days.

Tasting Notes: A Pinot Noir that affects the senses on multiple levels. Intense and dark as to color. A mix of raspberry, cherry, spice and cola by nose. By mouth, silky and smooth with a lingering complexity. This is a grand red with intensity built out of floral notes, mineral notes, depth of cherry flavors, scents of tobacco, tangerine and citrus leaf. Cellar-worthy.
