

2021 North Block Pinot Noir

This vintage of **North Block** is a striking expression of place — shaped by the cooling fog and firm, mineral-rich Gold Ridge soils that define Iron Horse Pinot Noir at its finest. Sourced from the three-acre vineyard that unfolds beneath the Tasting Room and flows gently toward the creek, it's a wine of depth and elegance, beautifully knit and quietly commanding.

Technical Data

Appellation: Green Valley of Russian River Valley, Sonoma County

Blend: 100% Pinot Noir Alcohol: 14.8% v/v Acidity: 5.7 g/Liter

Residual Sugar: <2.0 g/Liter

pH: 3.61

Malolactic Fermentation: 100%

Barrels: 100% French, center of France, fire bent, medium + toast and toasted heads.

Barrel Aged: 27 Months

Harvest Date: September 9, 2021 Date Bottled: February 16, 2024 Release Date: June 2025 Total Production: 238 Cases Suggested Retail Price: \$87.00

Precision Winegrowing: At Iron Horse "Estate Bottled" means that the winemaking begins in the vineyard. Our location in Green Valley represents the very best soil (Goldridge), climate and aspects for Chardonnay and Pinot Noir. Our goal is to grow the finest winegrapes what we call "precision farming." All pruning, canopy management, irrigation and cover crop decisions are determined on a block-by-block (and sometimes even vine-by-vine) basis, considering both the vintage at hand and the long-term needs of the land.

Artisanal Winemaking: Hand picked from a single block and a single clone, are de-stemmed into small open-top half ton macro bin fermenters or into stainless steel tanks where they are cold-soaked (using dry ice) for four to seven days. Before fermentation is complete, the new wine is gently pressed from the skins and transferred to French oak barrels. Fermentation then goes to completion in the barrels, allowing us to stir the lees as the wine goes through malolactic fermentation.

For Sparkling and Still Wine, Precision Harvesting is Key: Our only rule is to make the most delicious wines of the vintage. We wait until harvest to decide sparkling or still, as the main difference is the brix level (or the amount of sugar in the grapes, less for sparklings, more for still). Then winemaker David Munksgard considers berry size (bigger is better for sparklings, smaller for still), the health of the canopy, clone selection, even small details such as the relative dampness of the cover crop can make a difference. When making Pinot Noir the key is to achieve uniformity of ripeness and maturity within the vines and clusters. If necessary, parts of a single block may be picked on different days.

Tasting Notes: This Pinot Noir engages the senses from the first glance to the final sip. Deep and richly hued in the glass, it opens with aromas of raspberry, black cherry, warm spice, and a hint of cola. On the palate, it's smooth and supple, unfolding with layers of flavor that linger gracefully. Floral and mineral nuances support a core of dark cherry, with intriguing accents of tobacco, tangerine zest, and citrus leaf. A wine of depth and structure—crafted to evolve beautifully with time.
